Assessor Comments	An excellent line of SIL Merino ewes. Ewes are Boudjah merino blood presenting in strong, forward store condition. March shorn, these ewes present a good opportunity for a trade with lambing beginning late July for 8 weeks. Joined to quality white suffolk rams at 3%, these ewes lambed down at 115% last year. These ewes are classed in breeders and are only being sold to free up room for younger sheep coming through. Please note: There are approx 2 black tag ewes (same description) in mob.
