Assessor Comments	275 Vendor bred future breeder ewe lambs rising 1 year old. This is a first time offering of these ewe lambs as they are usually kept and retained in a self replacing flock, however given the dry start to the season they are available for purchase. Majority of the ewe lambs are a April/July 2020 drop but some will be younger as the rams were left in with their mothers. There are approximately 15 lambs that are either black or have spots of black on them. 2 ewes were noted at assessment with long tails and also a few ewes had weeping eyes from the dust.
