Assessor Comments	A good line of rising 2yo Ewes that have been scanned in lamb (wet & dry only - NOT multiples / singles) to North Ashrose Merino Rams. The Vendor's Family has been on the North Ashrose bloodline for over 60 years. These young ewes are mainly medium framed with a few larger frames amongst them, in forward store to good condition for lambing down. Vendor has been trail feeding Barley & Lupins lately, so ewes can handle grain if required. They have good start in the wool, & have just been crutched ready for lambing. Ewes can be worked in with weekly trucks to Dublin etc at buyers cost.
