Assessor Comments	A tidy line of June/July drop ewe lambs with a good length of staple in the jacket. November shorn, displaying bright, quality wool types based on Pallinup and merino tech bloodlines. These were purchased in by the vendor with the aim to breed from , but now on the market due to increasing cropping program. Being young , these will grow into good framed ewes and be ideally suited for either merino or crossbred production. For further information on these lambs Contact Brian Barnsby AWN Narrogin 0437448919.
