Assessor Comments	An opportunity to purchase a good draft of PTIC Charolais/Santa x Cows bred on the renowned Tumber & Lake Nash Stations by the Hughes family. These females have recently had spring drop calves weaned off them and have proven there fertility again as cows all joined up with a tight calving pattern over a period of 10 weeks. These cows were joined up to very good sires off Table Top Angus from the 1/02/21 to 14/04/21 to CC early November for approx 10 weeks. The cows are predominately of medium frame and are relatively young females with all of them mouthed up as very strong sound mouth. Veterinary Preg test certificate will be supplied off Wellington Vet Clinic. Opportunity to put together 134 PTIC cows together off the same vendor with 5 other lots offered in sale.
