	Some cattle were unsettled in the yards and agitated when in the head bale while mouthing. In the paddock they seemed content and settled.

Assessor Comments	A mob of well bred Angus Heifers (Approx. 3 - 4 have Limousin infusion) in great condition showing good depth and conformation for their age. Joined to a TopBoss LBW, high indexed registered bull. NB 11 heifers had a slightly cloudy eye but not weeping, (including 3 with very slight scarring) not deemed as detrimental. Also one heifer has a small white ring (birthmark) on her right flank (see photos). Overall a good proposition to acquire some future breeders.
