Handling process was as follows; cows enter crush and weighed, caught in head bale then pretested. Bikes , Dogs , Vehicles					
Assessor Comments	What a rare opportunity to purchase a run of young 2017 drop cows PTIC on the 3rd calf. A very handy line of medium/large frame type cows. These young breeders present in ideal condition to take home and calve down. Well bred young outfits that are PTIC to Hill view Angus Blood Bulls. These cows are a perfect opportunity to start a herd or to top up breeders for any Angus operation. Preg Tested 3 months ago and again the day of assessment for buyers confidence. Odd cow has small amount of white on udder/flank. Buyers please contact my self or Bede McCann 0458003001 for any further questions.
