Assessor Comments

A small but neat run of PTIC Angus cows. Rennylea Angus blood joined to the Rennylea Angus bull for a July/August calving. Purchased locally with the intention of calving down but due to seasonal conditions are up for sale. Very quiet cattle that are very easy to handle through the yards. Presenting in forward/prime condition, these cows are an ideal article to trade in current strong markets. All cows were mouthed showing good, strong full mouths. Please note: One cow has white on udder.
