Assessor Comments

The tight season has dictated this sale of 176 females today. 158 PTIC mixed age and 18 empty Young cows. Representing the late calvers in their herd. Genetics include Rennylea, TeMania & Wattletop. Age breakup: 7 y/o cows have been rejoined for Autumn (not for sale). The 5 ptic lots are drafted on Bull type Angus or Wagyu / weight / frame / condition, Age is a fairly even spread from 3-10 years. The 18 young Empty cows are 3 - 5 years. The cattle were very good to handle. 1 B/B and 1 with a white splash on Shoulder. Small % of cloudy eyes & white udder, not detrimental. The #5 Mob running on Island Crossing are pure Rennylea blood and carry NO burr and are more forward in condition. Please call if any Questions.
