Excellent quiet cattle to handle. A pleasure to draft & assess.

Handled With

Bikes , Dogs , On foot , Vehicles

Assessor Comments

This line of 19 cows are the Black (2016 drop) & Blue (2015 drop) tags which are the 4th & 5th calvers from the Queltara herd. Big robust cows that are in the prime of their breeding lives. The steer progeny from this herd have been sort after feeders for top end angus feedlot markets where their weight gain and IMF have been recognized, and they have also been finished on farm for the supermarket trade. These cows will be a worthy addition to any beef herd. Proven breeders in calf again after a tight 6 week joining. 1 cow from the black tag age group has a green replacement management tag. Great females that are highly recommended.
