| Assessor Comments  | Young cows that are out of condition but doing a really good job on calves. Calves are by a Angus/Charolais x bull which accounts for some of the black calves, they are unmarked. More favorable seasonal condition and some extra feed cows will look a different article. Ready for bull on arrival. 1 cow with white on face. 1 Angus/Fres calf fostered onto cow.                       |               |                                     |     |
