Assessor Comments	Great opportunity to purchase 40 of the second draft of 80 of the Millwood Farm Services Angus Heifers as a run out of the gate. Heifers are usually retained in the herd as replacement breeders and are only being sold due to the loss of one property. Heifers are sired by top quality Dunoon Bulls with these bloodlines being used for the past 10 years and have been specially selected on EBVs for growth, marbling, IMF and structure. Heifers are in ideal calving condition. 5 heifers in lot displayed white udders, 1 had white around navel and 2 displayed old pink eye scarring. Please Note: Vendor has a total off 152 Heifers over 4 lots in this sale
