Assessor Comments	Here is a great line of vendor bred weaned Angus cross heifers that average 281kg. These heifers present in good store condition, are very soft easy doing types with great length and femininity and have plenty of volume and capacity. Heifers are out of medium to large frame Santa cows by top quality Angus sires. Heifers have a very good temperament. No heifers have been retained in herd so these heifers would make great future. Vendor has steers in same sale.
