Handled With	The heifers handled very well in a good set of steel yards. Bikes , Dogs , Horses , Vehicles		
Assessor Comments	A line of EU weaned Angus heifers, bred by Glenavons leading Stud sires. These are the lightest along with some heifers not selected to be joined by the vendors in their commercial herd out of 250 plus heifers that were weaned this year. There are 4 heifers that had very small amount of blight non of which is active and was treated early. This is mainly a small dot in middle of the eye.
