Have been an excellent line of steers to handle since purchase in January - properly educated - a credit to their breeders. Easily handled around yards throughout the assessment process.

Handled With: Bikes , Dogs , On foot , Vehicles

Assessor Comments: A top class line of Angus feeder steers - right in the slot. As mentioned previously in assessment were purchased on 6th

	January this year ex the Wangaratta weaner sale. These steers have performed consistently since then with earlier drafts having already gone through the Sunnypoint Beef program. Principally Glendaloch blood with a splash of steers by Millah Murrah, Temania and Fernhill sires. Of nice moderate frame, great shape, heads and hair type. One steer noted with slight pink eye scarring on one eye. As good a load of feeder steers as you will purchase this week. Please note the extended delivery time given - if this needed to be varied slightly to suit your induction requirements happy too work in. Highly recommended.
