| Assessor Comments  | A quality line of Angus and Angus/Hereford cross feeder steers that have been purchased as young weaners over a 4 month period in 2020. Cattle have been grazing on the vendor's pastoral block since early December 2020 and have grown out nicely and are ready for someone to take on further. These cattle handle very well in the yards with good temperament and at assessment had been in the yards for 2 days. These cattle have been fed quality cereal hay ad lib at the main watering point and will remain in large water yards with hay and water until delivery. The buyer has the option to re weigh the cattle on farm pre delivery. Please note that the vendor has 1 other lot of steers and 3 lots of heifers in this sale from the same property. |
