Assessor Comments	A nice line of Angus heifers providing well for their young calves. Heifers present in a store condition and have the ability, if given the chance to grow out into nice cows for the future. Calves are 2- 7 weeks of age and average 97kg and growing nicely, Heifers calved with ease and unassisted as they were joined to LBW Angus sires. with all the hard work of calving down future breeders already done, this line of heifers and calves offer a excellent opportunity for the incoming purchaser to put together a good run of heifers not rejoined. Will be offered in 2 lots of 25x25 over the entire 50x50 and delivered as a run out the gate delivery over the 2 lots. Please not 7 Heifers had white under the belly and 3 calves showed a slight blemished eye. Same vendor has 150 heifers and calves on offer in same sale.
