Assessor Comments	A great opportunity to purchase some quality central tablelands heifers with calves at foot. These cattle will generate some quick cash flow or help rebuild your herd. They are a perfect early calving units. These heifers are unjoined and ready to join back to the bull of your choice. The calves have all been marked. 3 blue eyes in the cows, not considered detrimental. One heifer with a white tail. All the hard work has been done, they are calved down ready to go into production. One heifer that calved early has had a speckle park calf. Refer photos. Balance as per the bulls noted on assessment.
