	Were good cattle to work with. No aggression shown even when mouthing.		
Handled With	Bikes , On foot , Vehicles		
Assessor Comments	Exceptionally well Bred Hereford Heifers (Ex Culbara Dispersal Est AE Trethowan Woomargama) dispersal. These heifers have a very even drop of Dunoon Blood Angus calves at foot and have been running back to Ennerdale Willalooka since early June, he will remain till delivery. These heifers are still doing a job on their calves but would really live up to there potential on better feed. Will make very good cows for a long term term breeding operation. NB Should fit on B Double Cow Crate.
