Assessor Comments	Watervalley bred 27 Tops Black cross cows 3-8 years PTIC 5-8 months to Watervalley black bulls. The cows are good frames & the blacks have some various white markings, horns and an odd one has some Bos Indicus influence. This top draft being in store to forward store condition cows with good frames are ideal to calve down over the next few months. The Watervalley cattle are well known for their doing ability and will perform well for those buyers looking for great doing mums and to add value to their purchases.
