Assessor Comments	Watervalley bred 18 Top Draft of Black cross cows 3-8 years PTIC 2-4 months to Watervalley black bulls. The cows are generally 2018 drop being younger types, the blacks have some various white markings, horns and an odd one has some Bos Indicus influence. This Top draft being in store to forward store condition with some good feed they will be ideal to calve down later in the year. The Watervalley cattle are well known for their doing ability and will perform well for those buyers looking for great doing mums and to add value to their purchases.
