| Assessor Comments  | This is a very good line of quiet good to handle Angus Cows. They are mid to large frame cows. Cows are in strong Store Condition with Simmental calves at foot. Calves range from 2-16 weeks old there are 30 Black simmental cross calves & 8 Red & Grey calves consisting of 20 steers & 18 Heifers. Cows were all mouthed at assessment& there was 1 cow missing 1 tooth with the balance being of sound mouth. Cows & Calves are doing very well & would thrive on good pasture. The cows were purchased from Scone Pastoral back in 2016 as 2 year old heifers & have been running back here on the coast since then. The Cows have had an opportunity back to the Angus & Simmental Bull for 6 weeks. Cows & Calves will do extremely well going forward & would suit a Breeding or Fattening operation. Cows have been handled by dog & bikes. Please note that at assessment there was 1 cow lame she was treated with penicillin & if still lame at time of delivery she will be left out. |                                           |                                     |
