Assessor Comments	A line of 52 station mated heifers with 42 calves at foot. Heifers range from 1st to 3rd calvers and are in good working condition. All calves are sired by ROUND EM UP RED ANGUS DAH P26 shown in photos. These calves show great bone and muscle at a young age and on good nutrition would make great vealers in spring. Buyers take note this is a complete herd dispersal with over 10 years of breeding behind it. NOTE 14 heifers with old blue eye scaring, all eyes were check for vision at assessment, one heifer with badly damage eye but fine in other.
