Assessor Comments	Nicely bred draft of PTIC Angus cows, joined to the Lariggan Angus bull to commencing calving early-August for approx 12 weeks. Cows were purchased ex the breeder 'Ennisvale' Tatong in October 2020 with calves at foot and present in store to prime condition (one lighter condition cow vendor happy to leave out at purchaser's discretion). Cows were very good to handle, with sample mouthed being ranging from sound to broken (missing 1-3 teeth), which is expected when considering cows are rising 12 and 13 years. Proven Angus breeders with frame and plenty of breeding being Dunoon & Te Mania blood. An opportunity to acquire well bred, PTIC Angus cows to calve in spring.
