Assessor Comments	These cows were purchased as cows & calves out of A Mortlake store sale. PTIC to A Banquet Angus bull due 6th of September for 10 weeks. Mix age cows with the break up as follows: 4 - 2015 drop, 9 - 2016 drop, & 36 - 2016 drop. After doing a great job on their calves, these cows have finally had their calves weaned at assessment. As a result of the long period of having calves still on them, and the late start to the season they present in forward store condition. Once shown quality feed these cattle should improve in condition, Medium frame. It was noted at assessment that 2 cows have pink eye scaring, while the odd cows has white on its udder.
