	Quiet: 6 head	Quiet: 10 head	
	Slightly Stirry: 1 head	Slightly Stirry: 5 head	
	Very quiet cattle to handle and work through yards		
Handled With	Bikes , Dogs , Horses , Vehicles		
Assessor Comments	Great line of cows and calves with proven fertility genetics. History: Since 2014 outlier imported South African genetics were bred over a DDRF foundation cow herd based in the Kimberley until being relocated into the NT 2018. The foundation and aged cows have been drafted off to offer the best of the best. Since 2018/2019 four grey Alf Collins (1) and Jim Lindsay heterozygous polled (3) herd sires were sourced to replace the imported embryo sires. It is the progeny from this blend of genetics that are offered for sale and I sell with confidence as being a hardly, functional and docile herd of Brahmans. Almost all of the breeder animals and embryo progeny are registered with the Australian Brahman Breeders Association (ABBA) with tail hair samples in storage for the 2018 heifers. Age composition are one embryo dam born 16/08/2011 with the remainder of the females born 2014-2020 (ABBA registration of females discontinued since 2018).		
Assessor	Jack Maloney (Level 2 Accredited) Parallel Assessed By : Scott Witham		
Delivery Period	12/07/2021 to 16/07/2021 (5 days)		
Delivery Point	40 km South of Douglas Daly 3400 Fleming Rd Douglas Daly
