Assessor Comments	A small line of large framed, well bred Angus cows, with a lot of capacity and doing ability. These cows are well put together and still have plenty of life ahead of them, with sound udders and mouths, presenting in forward condition. Purchased from a Wattle top based herd this line of cows have been productive calving every year and have just had calves weaned off them. They would be a great asset for any herd. Please note cows do have some white on udders.
