	Quiet: 10 head		Docile: 4 head Quiet: 5 head Slightly Stirry: 1 head		Temperament not assessed in Paddock	
	Exceptionally quiet, well handled young females, that have had temperament bred in to them. A pleasure to deal with throughout all aspects of assessing. All led up the race, stood quietly on the scales and exited at a walk. Calm and relaxed to walk through in the yards, and all walked out in to the paddock sensibly. 1 Heifer was a little bit anxious in the crush, listed above as slightly stirry. Having been preg tested 5 days earlier, she can be forgiven.					
Handled With	On foot , Vehicles					
Assessor Comments	A rare and exciting opportunity to secure a line of the Teek family breeders. This is the first time the family have offered Keeper females for public sale. As well as being offered for the first time on the AuctionsPlus platform. These are very impressive cattle that need no introduction, continuously topping the store sales with their steer weaners. Out of Large framed Wirruna Blood Matrons, by select Wirruna Hereford sires. Beautiful females to look at, rich cherry red in colour, with productivity firing in every direction - length, depth & width. These females will fill out to be high yielding breeders. Only offered for sale as the Vendor is only retaining the first 2 cycles of pregnancy, meaning these females present a night tight calving period to the successful purchaser. Note. 1 females presented with a very minor white dot in one eye. Not deemed detrimental. Please see photos & video for full contentment.
