Assessor Comments	A magnificent line of Red Angus and Red Angus/Stabilizer cross cows from a renowned breeding herd in the Yea District, only being offered due to them missing the Spring 2020 joining and they were deemed too good not to breed with. These cows are sired by industry leading bulls Milwillah Crowbar J55, Paringa Red Marble Bar M221 and Paringa J163 just to name a few, they are joined to Paringa Komplement P6 for a short four week period 1/5/21-1/6/21 and were preg tested in calf on the day of assessment. Coolongolook has classed their herd rigorously for a vast amount of time and for these cows to be given another opportunity is testament to their quality. These cows have never missed a drench or a vaccination since birth and are in terrific condition. This lot consists of 5 x 3yo, 3 x 4yo & 2 x 6yo cows so it is certainly a great opportunity to buy some females in the prime of their working life. These cattle come with my highest recommendation and will stand any inspection.
