Assessor Comments	Buyers a very good opportunity to secure a good line of Station mated Angus and Angus X Cows. These Cows present in good strong store to forward store condition. Cows have been running with a Tex Angus Bull and will remain with the Cows up until delivery. Vendor focuses on fertility and 200-400 day growth. Cows are only selling these Cows due to them being out of sync with their herd. Cows are genuine breeders would be ideal for a restocker looking to rebuild a breeding operation.
