Assessor Comments	Buyers a very good line of one mark heifers ex "FINGAL PASTORAL". These heifer have grown out well since arriving at Loreena West and should continue to grow into very good functional females that have years of breeding potential in front of them. Fingal Pastoral are know for their Angus cattle always buying and breeding with the top Angus genetics available. These heifers have been PTIC to ALUMY CREEK M105 for a suggested very tight calving of 40 days. 2 heifers had white on the udder. Please note 6 heifers with old blue eye, considered not detrimental. 1 heifer with turned eye can be left in or out at buyer discretion.
