| Assessor Comments  | Dispersal of the "Thurn Shorthon" herd. An excellent run of quality Shorthorn Cows of "Thurn Shorthorns" as part of the herd dispersal. Over 60 plus years of breeding shorthorn, you can see the depth of breeding that has taken place over the years to produce and maintain females of this standard. These cows have plenty of length, frame, and capacity, and are only being offered due to the dispersal. Your opportunity to secure some future breeders from a reknown herd. Please note there is another draft of older sisters in the sale as well, and some Angus/ Shorthorn PTIC cows, and cows and calves. |                                           |                                     |
