Assessor Comments	A line of good frame Murray Grey and Charolais/Hereford cross cows on their 1st calf and redepastured back to the Millah Murrah Angus blood bull. 2 cows that calved early are 6.5 and 7.5 months in calf while the other 3 have had a 6 week joining. 4 of the calves at foot are Murray grey while the other is a Shorthorn cross calf. The cows are doing a great job on the vealers at foot and have milked up well showing through the calves. These cows would make ideal vealer producers and are up to date with all their animal health. Vendor will offer another line of 1st calf heifers in the same sale.
