A good mob of 2 year old Angus heifers to handle. Flowed through yards with little fuss. Easily handled both in and out of the yards

Handled With Bikes , Dogs , On foot , Vehicles

Assessor Comments	A very good double deck line of rising two year old Angus heifers. Purchased ex the CTLX weaner sales in February of 2020 they have grown into nicely framed and stylish females. Manually pregnancy tested in calf to the Kenny's Creek Angus sires by Central Veterinary Services - Cowra. Odd heifer showing slight rubbing across shoulder and neckline. Certainly a good line of heifers in perfect calving order that will mature into excellent future matrons. In a time when future breeders are hard to find worthy of close consideration. Will not disappoint.
