	Very kind, sensible females to handle throughout assessment. Led up the race quietly to be assessed and weighed, stood calmly and exited at a walk, some not walking more than a few steps before stopping again. Very quiet females to deal with. Let out into large yards for photos and videos, and even with more space to move, they were happy to stand and relax. Very easy females to handle.		
Handled With	Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	Very nice young females with all the right attributes to make excellent breeders. Genuine heifers that were part of the keeper draft, only slipping out of the system this year as scanning up in the later part of the join and vendor wanting to maintain a tight calving. Vendor focuses on producing a moderately framed, productive female with good length and a strong maternal instinct. Carrying years of Reiland Angus genetics, and PTIC to the Reiland Bull. Nice young females to take on. Buyers please Note. 2 females with a eye blemish, 1 minor, 1 with minimal vision, but does not affect her. 1 female presented with an active eye sore. Treated at assessment. A few heifers exhibited some rub marks. Please see photos & video for full contentment
