Assessor Comments	Good line of Hereford cows In the prime of their lives, with their 3rd calf at foot and preg tested back in calf to the Poll Hereford Bull. These large framed cows would suit a trade job with the big calves at foot weighing 172kgs and PTIC to same sire.Sound Proven breeders that will finish their calves in the spring, calve again and be ready to join to the bull of choice.Vendor only selling as property is to be sold.
