Assessor Comments	Angus heifers that were AI'd to Speckle Park Southern Aurora Jackson producing four speckled calves and two black coated calves with heifers doing an excellent job on these 4-6 week old calves. These heifers have been rejoined to an excellent Hicks Red Angus sire since 22nd June and he will remain with heifers until delivery (photo of bull in media). Connamara blood heifers presenting in fresh store condition with sappy calves at foot with the heifers proving excellent to handle throughout the drafting and weighing process.
