	All on farm stock work is conducted in a low stress manner which is reflected by the temperament of these females and their calves, all being a pleasure to handle throughout assessment. Leading quietly from the back yards to the crush without hassle. All females walked in-to and out-of the crush without concern, just 3 females slightly anxious whilst having their ear tags grabbed to read numbers, these females were listed above as slightly stirry. Very quiet cattle and a credit to the vendor

Assessor Comments	30x30 of the Rose Grange females being offered as 2 lots of 15 to allow all buyers an opportunity. These are a very smart line of productive, moderate framed females. Out of a herd of core breeders carrying years of the Ardrossan genetics, by select Dunoon Angus sires. All carrying big tanks of milk underneath them and doing an excellent job at their first attempt at motherhood. Their Dunoon calves are all bright eyed, sappy and being very well looked after by their young mums. Previous winners of the JBS Farm Assurance program, and livestock being sought after by high end feedlots, Rose Grange are producers of quality & this will be the first time a line of genuine 'keeper' females has been offered to the open market, and the first time offering on the AuctionsPlus platform. A rare opportunity not to be missed. Buyers please Note. 1 Heifers with a small splash of white on her flank, no larger than a \$5 note. Please see photos and videos for full contentment.
