A nice quiet line of Angus/Friesian x Heifers. Easy to handle throughout assessment, a few females were a bit anxious about walking up the race for a second time after being preg tested earlier, listed about as slightly stirry.

Handled With Bikes , On foot , Vehicles

Assessor Comments A nice line of future vealer mothers to take on, right up on the job with not long to wait until they commence calving. Quiet

and easy to handle in the yards and paddock. A perfect line of females to take on and add to an existing herd or take advantage of the buoyant cow job & replace some older breeders with these fresh young females. Note. 1 Heifer with a slightly bent nose. Not deemed detrimental. Please see photos & video for full contentment. Note. Vendor has another lot of these sisters in same sale.
