Assessor Comments	These cows were originally purchased by the previous owner as heifers. The vendor purchased the cows last year. The property has been sold- so must these cows and calves. They produced beautiful calves last year which were sold in the Yea January weaner sale with the steer portion weighing 338 kg. We mouthed 6 cows from whole mob and all were found to have good mouths. Total mob of 54 cows and calves will be sold as 2 lots of 27 on a run out the gate basis. All photos and videos are of the total mob. Please note there are 22 of the 54 cows showing some white on udder but no white bellies. Two cows in total showing old pink eye scarring not considered detrimental.
