Assessor Comments	A small line of vendor bred Angus hfrs only being offered due too downsizing the herd and recent floods. JJF have been marketing there steers at leongatha store sales for the last 10 years and have built a very good reputation with most years steers being brought by repeat buyers. Please note 1 hfr shows white udder and flank and 1 hfr shows white udder and some white up the stomach. Hfrs present in a great healthy calving condition and would be a great asset to most herds
