Assessor Comments	9 Vendor Bred Angus/Friesian Heifers PTIC to an easy calving Battersby blood Angus bull for late July onwards calving for					

62 days. These heifers will grow into outstanding vealers mothers. The vendor has elected to join the heifers to the Battersby blood Angus bull for muscle shape and depth. These Heifers are a credit to the vendor and present buyers with a great opportunity to purchase a quality line of young future breeders. Please note the vendor also has 14 more heifers being offered in the same sale on the same day.
