Medium	13%				

Temperament

Yards	Crush	Paddock
Docile: 3 head Quiet: 20 head	Quiet: 23 head	Temperament not assessed in Paddock

Excellent cattle to handle that would suit someone of any level of experience. Walked through the race calmly and walked out the front of the crush after weighing. Very calm under pressure.

Handled With

Bikes , Vehicles

Assessor Comments

A beautiful line of PTIC Blue-E cows that weighed 613kg full (520-712kg) at assessment. Blue-E's are a composite breed combining Angus x Shorthorn - these cows demonstrate the extra frame of the Shorthorn & the softness of the Angus. They are in calf to a Yamburgan Shorthorn bull (pedigree attached) and due to commence calving in the second week of August - please note; vendor will re-preg test cows prior to delivery for buyer confidence. All cows are straight black and should produce a high percentage of black calves. Three head observed with an old eye scar & three with small patch of white on the udder. 6 head mouthed and all sound. The temperament on these cows is excellent and would suit someone looking for easy to handle cattle with a few more years left in them.
