Assessor Comments	20 2020 drop EU Angus heifers PTIC to LBW Keringa Angus bulls. Joined over a tight 5 week period. This is the first time heifers have been offered from the Marcollat herd for many years as they grew their numbers. These 20 heifers are surplus to requirement and are the 2nd draft of 50 Heifers offered in the sale. They are sired by high performance Keringa Bulls with Marcollat securing the top bulls from the stud for the last 8 years. The heifers are bred out of large frame easy calving cows. They present in forward store condition and in a tight weight range between 300 and 370 kgs at assessment.
