	Heifers very good to handle in paddock. These Heifers handled well in the yards, some became a little claustrophobic in the drafting yard and pound which increased their speed . At no time were any of them aggressive .							
Handled With	Bikes , Dogs , Horses , On foot							
Assessor Comments	A great line of EU Vendor bred heifers, well grown and calving at the right time of year. These females will go on and serve their purchaser well as future valuable breeders. In calf to predominantly Angus bulls their progeny will suit most premium markets. Vet preg-tested and pre-treated for ease of entry to clean country, these heifers are indeed a rare commodity. Three heifers have slight fly bite on their necks.
