Assessor Comments	Buyers, here is a nice 10 x 10 PTIC back in calf to a Santa bull. Cows present in store condition with cracking calves at foot averaging 192 kg at assessment, here's an opportunity to secure a three in one package with the option to wean / sell the calves at foot to get an immediate return on your investment. Big compensatory gain expected out of the cows once calves are pulled off. please note one cow had a slight blue eye from old blight scarring, not detrimental.
