Assessor Comments	These are a nice line of Ultra Black bred heifers, just starting to do after a cold wet winter having come from a hard dry summer season in the North. They have been joined to Palgrove Ultra Black bulls for a 10 week joining period. These heifers have some good breed characteristics starting to show and will continue to go forward this spring to grow into nice breeding females. NOTE - 3 heifers with blue paint on shoulder were Preg Tested further in calf, around 7 months. These are by the Vendors bulls prior to agistment. NOTE - there are a few with a slight red tinge in their coat, one with white spot on head, and a couple with white showing under belly.
