|                       | Heifers were very easy to handle in the yards. Majority of the mob has very good temperament and settle quickly after pressure is applied when catching and weighing.                                                                                                                                                                                |                                           |                |
