Assessor Comments	Quite a handy line of PTIC Angus heifers which are of good frame and are in ideal condition to calve, these heifers were purchased with the intention of joining to our wagyu program but as they are pregnant they don't fit our program. In my opinion these heifers will grow into a nice line of cows in the future and will be very sensibly reserved offering potential purchaser a cost effective way of getting into a nice line of young cows. 1 heifer has got a very slight blue eye which will not in my opinion adversely affect her in the future.
