Assessor Comments	A line of Belgian Blue X 8-10 year old PTIC cows on the point of calving. Good cows to take on and calf down and re join if given the opportunity. Vendor only selling due to making room for younger females coming through. These cows have produced quality calves year in year out and will continue to do so with the right opportunities. Please see vendors other line of 11 Angus cows in same sale. Please note 4 cows are preg tested to a black Santa bull and 5 are in calf to a Angus Bull. Cows are getting re preg tested on Friday.
